

Caprice Rosato

Outstanding ABRF Research Group/Committee Member ABRF2009

Caprice has been a member of the ABRF since 1998. She was a member of the Fragment Analysis Research Group ([FARG](#)) from 2000 -2003 and chair of the group from 2003 - 2004. She was a member of the MicroArray Research Group ([MARG](#)) from 2006 to 2007. Caprice has been a member of the Corporate Relations committee ([CRC](#)) since 2006 and joined the Education committee ([EdCom](#)) in 2008.

Caprice has been a tireless worker for the ABRF for the past 10 years. Recently she has been a key figure in the Corporate Relations Committee and instrumental in obtaining several platinum (\$6K) and silver (\$2K) sponsors. She has also been involved in setting up and obtaining funding for the [Next Gen Sequencing workshop](#) for ABRF 2009. Her mediating the ABRF2009 Closing Social Sponsorship of \$50K from [Intel](#) will benefit all our members directly.

Congrats Caprice!
