ABRF Resources Available to Help You Every Day

ABRF members have access to a range of resources to provide valuable information when you need it. From the archives of the *Journal of Biomolecular Techniques* to the recorded content from several prior ABRF Annual Meetings, members can access a wide range of information to help them solve problems or answer questions.

Here's a sampling of some of the information available:

- [Big Data and Health](#) – **Michael Snyder**, plenary session presentation, ABRF 2019 Annual Meeting
- [JBT Special Issue on Core Management](#) (April 2016)
- [Amos Bairoch](#) – ABRF Award recipient – Lessons learned During 30 Years of Biocuration Activities
- *FASEB Journal* – monthly publication on the latest developments across all fields of biology

No matter what your role in Core Facilities may be, ABRF offers resources to enable you to be more productive. Take a moment to explore the range of content available at www.abrf.org.

If you have questions or suggestions for additional resources, please [contact us](#).

Thank you for your continued support for ABRF
